The Foundations class is the first in a current series of 5 class/workshops on Prophetic Ministry.

This class/workshop covers basic protocols for giving, receiving, and judging prophecies. The class provides basic definitions for prophetic terminology and understanding of the "how when and why" of prophetic utterances. Stress is given also to the importance of discerning what originates in us, what comes from satan, and what is truly from the Heart of God when we prophesy. Issues of accountability and faithfulness in a local church body are covered.

Basic practical Activations are given to enable the student to grow in their ability to hear the Voice of the Lord and their courage to speak that word forth in a "safe" classroom environment. If you have any additional questions, you may contact Paul and Doris McGinnis at 505-797-7876 (Albuquerque, NM).
