

2017 and 2024 - Solar Eclipses - The New Madrid Fault Zone and What God is Saying

Here are a few interesting comments about the August 21, 2017 Total Eclipse path.

“The following was prepared by my assistant Max Obeidin. To say the least, this is very interesting and fascinating information.

The Biblical Significance of the August 21, 2017 total solar eclipse

- The eclipse will produce a 67-mile-wide path across America; 1967 was the year Israel regained Judea, Samaria and East Jerusalem. The property lines are often called the pre-67 lines in peace talks.
- The maximum level of eclipse coverage will be over Washington, DC at 2:42 PM (about 81 percent). UN Resolution 242 calls for Israel to give up land for an Arab state that is Judea, Samaria and East Jerusalem. The resolution is the foundation for the peace talks.
- The suns will set in Jerusalem at the time the eclipse’s shadow of totality arrives in Oregon on August 21.
- The eclipse line divides the land of the US; the Israeli-Palestinian peace process calls for the land of Israel to be divided
- The paths of the August 21, 2017 and April 8, 2024 total solar eclipses create a huge X, with a phase of totality of 9000 square miles the size of New Jersey. Israel is often said to be the size of New Jersey.

From my research:

The 9,000 sq. mi. area encompassing the intersection of the 2017 and 2024 zone of Total Eclipse touches the states of Missouri, Illinois, and Kentucky. On the path of the 2024 Total Eclipse path, there are a total of 13 States the Total eclipse passes over. From the beginning of the entrance to the US in south Texas, the 2024 Total Eclipse path crosses over 6 states up to the northern boundary of the intersection of the two Total Eclipse paths. The size of the area of intersection is similar to the size of Israel. Israel was invaded October 7, 2023, 6 months almost to the day prior to the April 8 date of the 2024 Eclipse and Israel has been attacked and put in a state of war since that initial October 7 invasion. The path moves through the remaining seven states after that

intersection boundary. Those states are: Indiana, Ohio, Pennsylvania, New York, Vermont, New Hampshire, and Maine.

This Eclipse occurs on April 8, 2024 almost exactly 7 months to the day before the General Election in the fall on November 5, 2024 in the US. So, I believe the Lord is pointing to His plans for the next 7 months leading up to the General Election. The fact that the point of the intersection of the two Total Eclipse pathways of 2017 and 2024 occurs along the Mississippi River that literally divides the USA into two parts – East and West, I believe the Lord is calling attention to the deep political and social divide in our nation. In addition, this point of intersection occurs partially within the boundaries of the New Madrid Fault Zone while the 2024 path of Totality passes over approximately 50-60% of that Fault Zone. I believe this is an indication of the severe nature of the division in our country that jeopardizes the security and stability of our nation, socially and politically, not to mention our spiritual condition before the One True Living God Who created us. The fact that the intersection of these two Total Eclipse pathways equals a land mass about the size of Israel, is God highlighting that we as a nation must prioritize coming to Israel's aid above concerns for needs of other nations and we, as a nation, must deal with Israel's invaders decisively during the next 7 months.

This is my plot using the resources available to me which are cited on the map.

In my prophetic word the Lord gave me in 2008 (see below), the point of reference God showed me was a point on the Mississippi River (I show on this map) that is located just 7.5 miles south of the southern line of the intersection of the two Total Eclipse pathways. It is also only approximately 59 miles almost due south of Carbondale, IN (located in the center of the phase of Totality). Also, the fact that there are two locations within the 2024 Eclipse pathway after the intersection of the 2017 and 2024 pathways that have the name "Nineveh" (Nineveh, Indiana, and Nineveh, Ohio) is an indication that the details of that 2008 prophetic word coming to pass is contingent on the significant repentance and the humble turning of the hearts of God's people back to Him during the next 7 months (2 Chronicles 7:14).

The prophetic word I believe the Lord has given me for this time:

I believe the Lord has shown me that some level of the events of that 2008 prophecy will come to pass, but are being withheld until after the election. The administration in office when those events occur will determine the level of success in dealing with those events and their implications for our nation and our ability to withstand nations with evil intent towards our nation as those events unfold. I believe the Lord has shown me there are other “natural” disasters being held back, but the defiance in our nation against our Creator has caused the pressure to mount to the breaking point of the earth at the fault lines and volcanoes (even those inactive or only mildly active for centuries). I believe we will see the seas around our nation become more angry this summer and into the fall as a warning in “nature” of our need to turn and repent now. Be certain that the anger we will see in nature beneath us, around us, and above us in the next 7 months will be elevated beyond “normal” but are warnings of what is being held back. God is saying that this response in nature is limited and measured by our God not as judgement but as warnings for His people to turn and repent. He is saying: ‘Wake Up! Listen to Me and do what I am directing you to do!’ He is saying that this will cause an awakening in His complacent ones, the pew sitters, the occasional attenders at the gatherings of believers. As a result, during the coming 7 months, you will see many timid ones become bold. Many scoffers will turn and repent. He said; “Even those hearing this prophetic word will experience the Power of God moving through them in greater measure and they will see their faith rise greatly and will begin to bear much fruit for My Kingdom in the coming months. My chosen ones will move in power with healing and miracles, even extraordinary healings, that many will turn to Me – Jehovah Rapha – and their Redeemer”, says the Lord.

The Lord says that “Just as His Holy of Holies is in the west end of the Tabernacle, so the 2017 Total Eclipse path began in the west and declared that the Lord is coming out of the four walls of buildings where His people gather and He is going (figuratively) into the “lands of the East” where the idolators and sexually immoral practice their rebellion against the One True God. And just as the 2024 Total Eclipse pathway covers 13 states coming up from the south, My people marched around Jericho 13 times before the walls came down”. The Lord says, I have had an Ekklesia leaving their comfort and coming against the gates of the enemy these six “days”, but now, the intensity increases, the sound of the shofars putting greater fear into your spiritual enemies during the next 7 months and beyond because My Ekklesia have transitioned from “classroom” theory (i.e. limited activation) to field war scope, magnitude, and effectiveness”.

I believe that the fact that the path of Totality of the 2024 Eclipse does not include our nation’s capital, but does block out approximately 81% of the sun’s light in the capital, and occurs 7 months before the General Election, tells me the next 7 months are critical for the fall elections but God’s primary focus is the people of this country and specifically, those who acknowledge Him as the Sovereign God and humble themselves and pray, and seek His Face, and repent, and turn from their wicked ways. He is about redeeming the people of this nation, so the change He has designed, will demonstrate His Architectural precision, but He must have the heart of the people for that change to last and for this nation to fulfill the destiny He spoke over it in the beginning. As it was with Nineva, there are multitudes wandering around not knowing their right hand from their left, walking in deception, not knowing the God Who created them and loves them, and not knowing how to fill that hunger and thirst in their spirit. The Lord says: “I want

them to know Me". The Lord is saying: "GO GET THEM! Be bold in this hour. Be courageous! GO! Demonstrate the superior nature of My Kingdom not with just words or with a spirit of domination or superiority, but in power over satan and the fulness of My Nature you will learn and come to understand in the secret place with Me."

**PROPHECY CONCERNING THE NEW MADRID AREA THE LORD GAVE ME IN THE
SUMMER OF 2008**

**AUGUST 29, 2005 HURRICANE KATRINA DEVESTATION AT THE OUTFALL OF THE
MISSISSIPPI RIVER**

**AUGUST 1, 2007 I-35W MISSISSIPPI RIVER BRIDGE CROSSING IN DOWNTOWN
MINNEAPOLIS, MN COLLAPSES**

I believe the Lord spoke to me in the summer of 2008 to make note of the fact that these two events happened, one at the base or end of the Mississippi River and the other - two years later at the head waters of the Mississippi River. I believe He spoke to me then and said:

"I am about to cause a major event to happen near the mid point of the Mississippi River that will be a major catastrophe for that region, but it will have impact on the whole nation. He said that whereas the Katrina hurricane involved high winds and flooding, it showed the inadequacies of man made structures to withstand the forces of My created "natural" forces; and it showed the inability of man's thinking to grasp the potential enormity of devastation caused by those forces and to make adequate preparation for those consequences." He said that "man created barriers to hold back the waters from destroying the structures of man and to protect the lives of those in that part of the city". But, He said, "man's design and ongoing maintenance efforts were limited in scope and inadequate." He said, "I appointed those skilled in administration and oversight of facilities made for the protection of those under their jurisdiction and they chose not to implement the prudent judgment I gave them, so the walls of protection failed and washed away those that should have been made safe on higher ground. I remind you it was not so when I brought My people across the Red Sea. For I ensured the walls held back the flood waters and I got my people safe to higher ground. Only the disobedient and the rebellious died that great day of the Red Sea Crossing."

"The Bridge collapse at the head waters of that great river, demonstrated again, the weakness of the designs and maintenance of man's structures that facilitate the transporting of people back and forth across that great river." The Lord said: "It was not so when I safely escorted My people across the Red Sea on secure footing."

Then the Lord instructed me to search and determine the mid-point of the Mississippi River between these two catastrophes, "because", He said: "I am about to release such force on the region about the middle of the Mississippi River that will cause major devastation to the transportation of natural resources across the Mississippi River divide." He said: "Your nation has had it's beginning in Me, but you have written that fact out of your history books." He said: "Now you have pronounced Me dead - in an attempt to bring to an end My Influence on the events of your nation and the controls that were placed to keep the wild animals at bay. Your nation has said that you don't want your people speaking of Me and My Glory openly in the Market Places and in the seats of Government. You've tried to bring an end to the proclamation and the

implementation of My Word into your man made structures controlling the lives of My people”. “Therefore, I will release these judgments on your nation and even some who’ve said I was dead and others who said that I don’t intervene in the affairs of man will now speak with their own lips and give testimony with these words: “That was an act of God”.

“Now hear Me,” says the Lord, “I have drawn attention to the outfall of the great river that has run through your nation and also reminded you of it’s beginning. Now I am about to strike at the heart land of this nation that I created: My hand will move like a great Fire for I am about to consume more of the works of man in which your nation has lifted up that I might draw you to Myself if you will return. Yes, even precious treasures stored in the earth will be destroyed and fire shall rage in that region out of the control of man to remind you that you are precious in My Sight and I desire that you make Me your focus. You will hear even your president call for Me to stop the onslaught of My Judgment Fire. And this will be a sign of the fire I’m releasing in My people.... An unquenchable fire that will offend the luke-warmness of the religious and enrage the openly rebellious. My people have called out for the kindling of revival fires, and I say this is a sign for you of what I’m about to do. There are about to be released, at the time frame of this event, assaults by the enemy against your nation. This is a call for the shepherds and the intercessors to be found at your post engaged in doing what I’ve called you to do.”

So I researched to find the midpoint of the Mississippi River as the Lord instructed me. I used my Street Atlas software and found that the Mississippi River is about 1,640 miles long between these two disaster points. The half-way point (820 miles from either point) is located approximately halfway between New Madrid and Cape Girardeau, Missouri. I then discovered that these two communities are located in the mid to northern region of the New Madrid Fault Zone.

The Lord didn’t show me when this event would occur. End of 2008 Prophecy
